

Jennifer Michael
Chief Information Officer and Chief Business Development Officer
American Board of Medical Specialties

Jennifer Michael joined the American Board of Medical Specialties (ABMS) in April 2011 as Chief Information Officer. She is responsible for developing information technology solutions that align with the strategic vision of ABMS. She maintains overall accountability for information systems and technology, including leadership of strategic planning, policies, and programs related to the credentialing and certification requirements. She is also the Chief Business Development Officer, responsible for ABMS's Business Development Unit, overseeing data sales. Ms. Michael oversees all aspects of operations as well as providing implementation support for new initiatives.

Ms. Michael's past roles include Director of Information Services (IS) Applications at The University of Illinois Medical Center in Chicago, The University of Chicago Medical Center and the Washington Hospital Center in Washington, DC.

Ms. Michael received her Master of Health Services Administration degree from the University of Michigan School of Public Health and Bachelor of Arts degree in Sociology from Washington University.
