

BIOGRAPHY

Heather Moffitt Blair
MHCA, BSN, CPMA, CEMC

Heather Moffitt Blair is TMG's Provider Enrollment Director for Education, where she leverages over two decades of experience in the healthcare industry. Currently, as the Credentialing and Licensing Manager at Saisystems Health, Heather oversees the licensing, provider enrollment, and credentialing for over 2,000 providers across all 50 states.

Moffitt Blair's extensive background spans provider enrollment, credentialing, coding, nursing, licensing, and contracting, providing her with a comprehensive understanding of the healthcare landscape. She has worked in various settings, including clinics, hospitals, skilled nursing facilities, pharmacies, surgery centers, and independent diagnostic testing facilities.

Her impressive credentials include a Master's in Healthcare Administration (MHCA), a Bachelor's of Science in Nursing (BSN), and certifications as a Certified Professional Medical Auditor (CPMA) and Certified Evaluation and Management Coder (CEMC). These achievements underscore her commitment to continuous learning and professional excellence.

At TMG, Moffitt Blair plays a crucial role in shaping educational initiatives and leading webinars, sharing her expertise with a national audience. Her dynamic presentation style and practical insights make her a sought-after speaker, captivating audiences with discussions on the latest trends in provider enrollment, compliance best practices, and revenue optimization strategies. Heather's ability to translate complex topics into actionable advice ensures that her presentations leave a lasting impact on Medical Services Professionals.

Through her innovative approach and strategic insights, Blair Moffitt enhances TMG's educational offerings, empowering healthcare professionals to navigate the complexities of provider enrollment with confidence and competence.
